Book Your Tickets!

Monmouth Male Voice Choir

November 15th 2014... A Date To Remember!

As many of you will have read in my last newsletter I am holding a fantastic night of music on Saturday 15th November in aid of our chosen charity, Bridges Community Centre in Monmouth, who are celebrating their 30th Anniversary! The evening will play host to Monmouth's very own Male Voice Choir and Bass Soloist William Mackie, who will be performing songs from their varied repertoire.

Some of you may be unaware Monmouth had a male voice choir as they were only founded in December 2011. Since then they have grown in numbers and performed at many venues. The most recent being a sell out concert in July at Saint Mary's Priory Church. In October this year they are performing at London's Royal Albert Hall as part of the London's Welsh Festival of Male Voice Choirs where they will be part of a massed choir of 750 voices.

If you would like to come and be a part of a fantastic evening then tickets can be

purchased from Monmouthshire Hearing Centre, Dave Willet's Barber's or at the reception at Bridges & cost £8 per ticket.

All proceeds from ticket sales will go to Bridges Community Centre.

Alternatively you can fill in the form below and send payment if you would like the tickets reserved & posted to you. (Please

include a stamped addressed envelope) Please make cheques payable to our chosen charity "**Bridges Community Centre**" and send to Monmouthshire Hearing Centre, 7 Agincourt Street, Monmouth NP25 3DZ.

We look forward to seeing you there!

Please Reserve My Tickets - I Enclose a Cheque as Payment

Name: _____ Telephone number: _____

Address: _____

Number of tickets required: _____ I enclose a cheque made payable to Bridges Community Centre: (please tick)

Please return this form, complete with a cheque for payment in the self addressed envelope provided . Tickets cost £8 each.

OUT WITH THE OLD AND IN WITH THE NEW

Is It Time To Upgrade Your Hearing Aids?

A question often asked when buying hearing aids is how long do they last and how often will I need to change them?

The great thing about digital hearing aids is that should your hearing change, your new prescription can be programmed into

your existing hearing aids without having to purchase new ones.

Furthermore with ongoing six monthly aftercare appointments, where we can service the aids and maintain the optimum sound quality, hearing aids on average last five years.

That's not to say they suddenly stop working, but after this time the performance of the aids may not be as good and you may find the aid requires more repairs. Usually manufacturers stop producing parts for aids when they are between 7-10 years old.

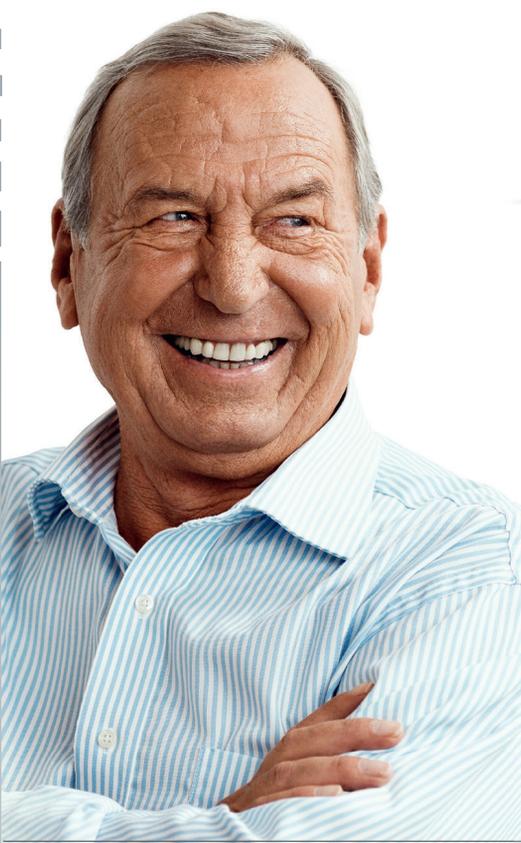

But don't despair! Hearing aid manufacturers are constantly researching and improving technology to increase the performance of the aids in an ever

changing and more demanding listening world that we live in. We are now able to get more power in smaller aids, stream wirelessly from our hearing aids to bluetooth devices and, most importantly, generally improve the overall hearing experience with many new features.

So if you've had your hearing aids for a number of years and feel they are not quite performing as they once were then maybe it's time to consider upgrading and finding out what the latest technology has to offer.

Don't forget at Monmouthshire Hearing Centre we offer a month's trial of any type or style of hearing aid. So don't just take our word for it, see for yourself and contact us on 01600 772111 to discuss your individual requirements further.
